TechU

Technology disruptions like cloud and cognitive are changing infrastructure requirements at lightning speed. Don't get left behind! Join us for the most comprehensive technical training event for IBM practitioners on IBM® Z® and Storage.

You'll find everything you need to know on how to plan, architect, install, configure, migrate, operate and tune your IBM infrastructure for today and tomorrow.

TechU offers focused, in-depth training sessions and labs delivered by IBM Distinguished Engineers, developers or product experts on:

- IBM z14™
- IBM z/OS® Ver 2.3
- IBM z/VM® Ver 6.4
- IBM LinuxONE™ and Linux on Z
- Security and Pervasive Encryption
- Performance and Monitoring
- Professional Development
- IBM Storage for Z
- Blockchain
- IBM CICS®, IBM IMS™, IBM WebSphere®, APIs
- IBM DB2®, Spark and Machine Learning
- DevOps & Application Development

z/OS for RookieZ *NEW*

Bridge your skills gap – send your early career IBM Z programmers and engineers to the new track *z/OS for RookieZ*. This full week of sessions will enable your newer team members to get started and go deep on IBM Z with hands on training delivered by IBM Technical Training Instructors.

We are partnering with InterSkill to offer their e-learning courses at no charge to attendees of the New User's track. The Interskill courses will be offered prior to the event, on registration, and then for three months after the event.

Architecting the Future *NEW 2-day track*

This track is designed to enable CTO's, Chief Architects and Innovation Managers to explore solutions and technology choices to overcome infrastructure challenges like advanced architectures, modern data platforms and cognitive computing with IBM Z and Storage.

Important: *This track can also be attended as a standalone training. For registration info, see below.*

What you'll find at an IBM TechU

- **Sharpen your expertise** with 100s of sessions led by IBM Distinguished Engineers and product experts...the A-team of the IBM Systems community
- **Experience the latest technology** via demos geared to all skill levels
- **Test-drive new products** from IBM and IBM Business Partners in the Solution Center
- **Expand your professional network** when you connect with product developers and industry leaders
- **Learn from your peers** via networking sessions and discussions on real-world IT challenges and successes

Who should attend the overall conference?

This conference is intended for IBM clients, IBM Business Partners and IBM employees :

- System Z and Storage
 - Engineers
 - Architects
 - Administrators
 - Specialists
- Systems Programmers (CICS, DB2, IMS, MQ)
